Unauthorized Vacations:

New Jersey State Law 18A 38-25, 26 requires that students attend school on days/hours that public schools are in session in the school district. Unauthorized vacation days are considered unexcused absences. The school strongly discourages student absences for unauthorized vacations.

****Due to your child missing more than ten (10) consecutive school days, we will be deactivating your child from Power School until they return. Please fill out the below form and upon your child's return, they will be reactivated in the system****
